Hi Shari. I don't have any comments. Looks good. Question: has Tetra Tech done any outreach to the targeted residents regarding access permission? Just wondering.

Thanks

-Scott

**Subject:** ETCA VI mitigation prefinal design

Shari,

Attached is the prefinal design package for East Troy VI mitigation systems. As discussed, a separate prefinal design package will be submitted for the larger non-residential buildings. Please let me know if you have any questions.

Thanks,  
Ray
